## PROFILE

Product designer and design engineer with 10 years of design experience, from brand and packaging systems to end-to-end digital products. Takes products from user research and interface language to production code in React, Next.js, React Native, Node.js and PostgreSQL. Designs accessible experiences to WCAG 2.1/2.2 and grounds decisions in SEO and analytics data. Founder of Caira, a diaspora eldercare coordination platform; full-stack product lead on NexusCore, an AI sales assistant for Nigerian small businesses; and volunteer trainer who has taught 48 students software development. M.A. thesis develops CARF, a framework for culturally attentive UX writing in fintech.

## CORE SKILLS

**Product & UX:** End-to-end product design, user research, usability evaluation, participatory and co-design, information architecture, interaction design, prototyping, design systems, multi-step workflow design, accessibility (WCAG 2.1/2.2)

**UX Writing & Content:** Microcopy, error and empty states, content strategy, technical writing, editorial workflows, cross-cultural communication

**Engineering:** React, Next.js, TypeScript, React Native (Expo), Node.js/Fastify, PostgreSQL, full-stack product development

**SEO & Analytics:** On-page and technical SEO, keyword research, Google Analytics, UTM and conversion tracking, Google Ads (Display certified)

**Tools & CMS:** Figma, Adobe Photoshop, Adobe Illustrator, WordPress, Wix, Squarespace, Shopify, AI-assisted design and MVP development

## SELECTED PRODUCT WORK

### Caira — Founder & Product Lead
2024–Present

*Diaspora eldercare coordination platform (cairacare.com)*

- Own the product end to end: brand identity, user research, product design, and full-stack development of the mobile app and backend.
- Designed the coordination model for globally dispersed families, covering shared tasks, check-ins and cross-border care-support workflows.
- Launched the marketing site with SEO, Google Analytics and UTM-tagged sign-up tracking to measure which channels drive early-access sign-ups.

### NexusCore — Full-Stack Product Lead
2025–Present

*AI-powered financial platform for underserved Nigerian small businesses*

- Built a WhatsApp-based AI sales assistant with automated payment routing for merchants operating outside the formal banking economy.

### TokenForge — Co-creator
2026

*AI design-system token generator*

- Co-created, in a team of ten, an AI platform that turns a one-line brand description into production-ready design tokens.

### MOVA — Design Engineer
In development

*Last-mile logistics marketplace for Lagos*

- Designing a coordinated fulfillment platform that connects vendors, delivery riders and customers.

## PROFESSIONAL EXPERIENCE

### Creative Lead, GRAMEF Digital Agency
2023–2025

*Wolverhampton, United Kingdom*

- Directed 12 digital campaigns for 7 client brands, built on narrative strategy, user experience and consistent cross-platform messaging.
- Led a cross-functional team of 6 designers, writers and developers to deliver integrated visual and written communication.
- Built evaluation frameworks for engagement, usability and content performance, lifting average client engagement by about 25% and cutting revision cycles by about a third.

**Group Brand / Packaging Designer, SUMAL Foods Ltd.** 2022–2023

*Nigeria*

- Designed packaging systems and brand assets across the company's food product lines.
- Kept brand identity consistent across retail, print and product touchpoints.

**Brand Strategist, AFRIKRAFT Studios** 2018–2022

*Nigeria*

- Ran audience, market and rhetorical research for 20+ brands to shape their messaging.
- Refined communication strategy from campaign feedback, improving average campaign engagement by 38%.

**Lead Brand Designer, CHECKERS Africa** 2020–2021

*Nigeria*

- Set brand identity and visual design direction across campaigns and product collateral.
- Defined design standards and mentored junior designers on brand execution.

**Earlier Roles** 2016–2020

- Associate Senior Print Designer, Printhouse Nigeria (2018–2020); Graphic Designer, Ibadan Business School (2016–2018).

## TEACHING & LEADERSHIP

**Lead Facilitator & Trainer (Volunteer), OYNA Youth Software Development Programme** 2025–2026

- Trained 48 participants, guiding them from first commit to a deployed, production-grade marketplace app.
- Wrote the full curriculum, including handbooks, prompt sheets and slide decks.
- Received the OYNA Intellectual Excellence Award (2026).

**Instructor, First-Year Rhetoric and Composition** 2026–Present

*Department of English, New Mexico Highlands University*

- Design and teach lessons on rhetoric, audience awareness, digital literacy and multimodal composition.

**Graduate Assistant, Digital Publishing, New Mexico Review, NMHU** 2026–Present

- Designed and built the journal's website and digital editorial workflow; wrote submission guidelines and content workflows; review reader interaction and accessibility.

**Writing Center Tutor, NMHU** 2025–Present

- Provide one-to-one writing instruction and lead workshops on academic writing and digital literacy.

## EDUCATION

**M.A. in English (Linguistics, Rhetoric, and Composition)** Expected Dec. 2026

*New Mexico Highlands University, Las Vegas, NM*

Thesis: "Decolonizing the Interface: A Rhetorical Framework for Culturally Attentive UX Writing in Nigerian and American Fintech Platforms."

**B.A. (Education) in English** 2015

*Ekiti State University, Ado-Ekiti, Nigeria*

## CERTIFICATIONS

**Google Ads Display Certification**, Google (Credential ID 196704887) Oct. 2026–Oct. 2027

**UI/UX Design, AI-Assisted MVP Development & Product Thinking**, Dev & Design Academy 2025–2026

**Digital Interface and Design**, SQI College of ICT, Ogbomoso 2022

**Brand Communication and Advertising**, O2 Academy, Lagos 2018

## RESEARCH & PRESENTATIONS

- Developing CARF, which combines Critical Technocultural Discourse Analysis and Value Sensitive Design to examine how fintech interfaces encode cultural assumptions, and to turn that analysis into more human-centered design.
- "Trapped in the Algorithm: How Echo Chambers and Cognitive Biases Fuel Misinformation." SWPACA 47th Annual Conference, 2026.
- "Navigating Authenticity: Digital Code-Switching as Identity Construction on TikTok in Nigeria and the United States." HACU 39th Annual Conference, 2025.

## SERVICE

- Media and Publicity Coordinator, Rebrand Network Initiatives (2020–Present); Project Coordinator, Rethink Educational Initiatives (2017–Present).
